

Human Diversity Network Meeting 01: Genetics

Uppsala University

Monday, February 5th 2018

Open Lectures

Lecture hall Lindahlsalen, Evolutionary Biology Centre, EBC

This is the first meeting of a series of events at Uppsala University organized by the Human Diversity Network. The network consists of four institutions: Department of Organismal Biology, Department of Archaeology and Ancient History, Centre for Gender Research, and Department of Linguistics and Philology. The first meeting is arranged by the Human Evolution Group, Jakobsson Lab at the Department of Organismal Biology, Evolutionary Biology Centre, EBC.

Registration is necessary due to the limited number of seats available. Coffee breaks are free of charge. All are welcome!

Register at <https://goo.gl/forms/gsvOBFmPCFeOgnZM2>

Our guest keynote lecturer is Professor Colin Renfrew, University of Cambridge, McDonald Institute for Archaeological Research. Professor Renfrew is an archaeologist working cross-disciplinary known for groundbreaking views on the prehistory of languages, archaeogenetics, radiocarbon dating, and the prevention of looting at archaeological sites (<https://www.arch.cam.ac.uk/directory/acr10>).

Carina Schlebusch and Torsten Günther are population geneticists at Uppsala University and will present recent research on modern and ancient human populations in Africa (<https://iamafricansite.wordpress.com/>) and in Europe (<https://tgnthr.wordpress.com/>).

SCHEDULE

09:30 *Kick-start coffee & tea*

10:00 – 11:00 **How will ancient DNA studies impact upon European prehistory and on the problem of Indo-European origins? – Keynote Lecture**
Colin Renfrew, University of Cambridge

11:00 – 11:20 *Coffee break*

11:20 – 11:50 **The genetic history of Africa based on modern and ancient DNA**
Carina Schlebusch, Uppsala University

11:50 – 12:20 **Population genomics of prehistoric European migrations**
Torsten Günther, Uppsala University
